With Wisconsin’s adoption of the CCSS and Educator Effectiveness, a spotlight has been placed on Disciplinary Literacy Standards, also know as Wisconsin Standards for Literacy in All Subjects. This service will assist districts in laying a foundation of understanding of the Literacy in All Subject Standards and guide to integrate their application. It will further demonstrate how they may relate to SLO’s and PPG’s through ongoing sustained professional development.

The CESA #4 Instructional Services team will provide districts with the opportunity to begin or further the implementation of the Disciplinary Literacy Standards by supporting and complementing content area standards and providing access to student learning by promoting content-specific literacy instruction.
