## Curriculum Development and Support

CESA #4 will work with district leaders to provide on-site curriculum development. Service and support will be tailored to your district's needs and may be provided by one or more CESA #4 directors.

### Level 3 – District-Based Instructional Leadership

This service is designed to provide consultation, technical assistance, support and/or leadership for the district's instructional program. This may include:

- Conducting a site visit to review curricular programs, identifying district needs, and determining a plan of action
- Developing and/or revising curriculum
- Developing common assessments
- Selecting instructional materials
- Analyzing data and instructional program planning
- Supporting implementation of the Wisconsin State Standards
- Providing support and professional development to schools in identifying Essential Learning Outcomes, Learning Targets, and/or curriculum alignment to standards

Service expectations and contract days will be mutually determined by the district and CESA #4 based on identified needs.

1 – 10 days @ \$750 per day

11 – 25 days @ \$700 per day

Over 26 days @ \$650 per day
