## Educator Effectiveness—CESA #6 Model

Districts in the State of Wisconsin are required to implement the Educator Effectiveness system. Districts implementing the CESA #6 model can purchase the services of a trained CESA #4 Educator Effectiveness (EE) Director to serve in a number of ways, including:

- Effective Project® Implementation Coach (EPIC)
- External observations/evidence collection service—*No ratings or scoring of summatives*
- Instructional Coaching

### Level 1 – Basic Service: EPIC and/or Instructional Coaching

A district will receive five days of EPIC and/or Instructional Coaching services. The CESA #4 EPIC or IC will:

- Attend all TPES, ESPES, SAPES, MLP-OASYS, and EPIC trainings
- Develop positive, trusting relationships with teachers and administrators
- Work with MyLearning Plan® OASYS and district liaison to plan for and complete Effectiveness Project® (EP) configurations and updates
- Work with district administrative team members (evaluators) to support/deliver in-district Effectiveness Project® (EP) system trainings
- Work with CESA #6 liaisons to conduct annual district EP audit of Effectiveness Project®

### Level 2—Customized Services

#### 2A. 50 in Five Observation Package

This option will bring in a trained CESA #4 Effectiveness Project® Coordinator to complete 50 informal observations in five (5) contracted days. This includes collecting observation data, submission, and finalizing forms. Utilizing multiple evaluators reduces evaluator bias, increases validity of the system, and frees up time for your evaluators.

**Please note:** *This services does not include rating or scoring of evaluations in summative cycles.*

#### 2B. In-District Support

Customized services may be purchased to enhance and support EPIC s, Instructional Coaching, and Evaluators. This allows districts to customize trained EP® support to work with you to identify, plan, implement, and evaluate services to meet your district’s individual needs.
