## Title III-A EL Consortium

Title III, Part A, of the No Child Left Behind Act, is also known as the English Language Acquisition and Language Enhancement and Academic Achievement Act. CESA #4 will coordinate a Title III-A Consortium to support districts having English Language Learner (EL) students and programs. ESSA Title III-A provides formula allocation funds based on the number of identified EL students in each district. According to NCLB guidelines, districts or consortiums must meet or exceed \$10,000 in formula allocations to access Title III-A funding from the DPI. Any unexpended funds will be considered carryover funds for the consortium into the next fiscal year.

The goal of the CESA #4 Title III Consortium is to help LEAs insure that English Language Learners (ELs) attain English proficiency and meet challenging academic content standards and to assist LEAs in carrying out all Title III requirements of the federal Every Student Succeeds Act (ESSA). Title III requirements for districts include identifying ELs and providing a program of language instruction, administering the ACCESS test, providing equitable participation for private schools, developing a process for reclassifying ELs as English proficient, and completing the Title III portion of the ESSA EOY Report.
